Observe the following instructions to avoid damage to the equipment:
1. Do not use the equipment in a hazardous environment.
2. Do not use the equipment in a flammable or explosive atmosphere.
3. Do not use the equipment in a corrosive or toxic atmosphere.
4. Do not use the equipment in a high-voltage or high-current environment.
5. Do not use the equipment in a high-temperature or high-humidity environment.
6. Do not use the equipment in a low-oxygen or low-pressure environment.
7. Do not use the equipment in a high-vibration or high-shock environment.
8. Do not use the equipment in a high-salt or high-pollution environment.
9. Do not use the equipment in a high-radiation or high-electromagnetic interference environment.
10. Do not use the equipment in a high-traffic or high-noise environment.
11. Do not use the equipment in a high-traffic or high-noise environment.
12. Do not use the equipment in a high-traffic or high-noise environment.

警告：必须将接地端子接上避雷针。
Caution: For lightning protection, the equipment must be connected to a lightning arrester to the earth using a #6 or above wire.
