Observe the following instructions to avoid damage to the equipment:
1. Do not use the equipment in the rain or in high humidity.
2. Do not use the equipment in the presence of flammable or explosive gases.
3. Do not use the equipment in the presence of strong magnetic fields.
4. Do not use the equipment in the presence of strong electric fields.
5. Do not use the equipment in the presence of strong radio frequency fields.
6. Do not use the equipment in the presence of strong mechanical vibrations.
7. Do not use the equipment in the presence of strong electromagnetic interference.
8. Do not use the equipment in the presence of strong static electricity.
9. Do not use the equipment in the presence of strong lightning strikes.
10. Do not use the equipment in the presence of strong thunderstorms.

警告：必须将接地端子接上避雷针。
Caution: For lightning protection, the equipment must be connected to a lightning arrester to the earth using a #6 or above wire.
